

November 24, 2025: On the Ishtar Gate of American Military and Criminals Around My Life

“Since I entered politics, I have chiefly had men's views confided to me privately. Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they better not speak above their breath when they speak in condemnation of it.”

— Woodrow Wilson, *New Freedom*

I am documenting the ongoing use of **criminals in conjunction with American military spying technology** to create an Ishtar Gate of ‘thou shall go no further’ around my progress.

I am presenting this as the visual that is being presented to me, **as an American citizen, that sought to reveal information about the truth of whether or not our elections were being stolen.**

My conclusion was that the **elections are indeed being manipulated and stolen**, and this was **the image that materialized around my home as a result of my efforts:**

Every moment of my day is being subjected to the presence of a large gang of people that are presenting me this imagery as a response to normal daily activities that I attempt to carry out around my home and community.

This is the true image of what the United States military has morphed itself into in the year 2025. (Bulls on parade) The government of the United States is being held captive by a group of criminals and they will not allow us to re-enter through legal and lawful means.

I attempted to withdraw from the United States to find peace in Spain, and they showed up at my front door in Spain within the first 10 days of my arrival and did not stop until I returned.

America, it is time to return to Jesus Christ - the first person to present us with true freedom.
